

Toolmaker's Vise

Handy for use in drilling, fitting and laying out work on surface plates. Tongue on large jaw slides in groove in base and is held in place by a strap that prevents jaw from lifting. 1-15/16" capacity. Furnished with two steel jaws as shown.

Precision Toolmaker's Vise

The ultimate in precision vises offering unlimited uses. Precision ground and hardened to RC 58-62. The movable jaw with ground horizontal and vertical vees pulls onto the base at 45° to 60°. This ensures maximum holding power and holddown force and eliminates tilting and lifting.

Square and parallel within .0002 in

Toolmaker's Clamps

Steel, case hardened. Ends of jaws chamfered for clamping under shoulder or in recess. Clip holds loose jaw in position when clamp screw is released, a convenient and original Brown & Sharpe feature.
